

Debating Draft Resolutions

Other delegates will present their draft resolutions, too. You want to read their resolutions, listen to their presentations, and take action – you have four options:

- **Vote “Yes”** – in favor of their resolution,
- **Vote “No”** – against their resolution,
- **“Abstain”** – not take a position either for or against the resolution, or,
- **Submit an Amendment** – propose changes to their resolution before you will vote for it.

In the table below, write down the draft resolution being represented. Take notes on its strengths and weaknesses. Then indicate what action you want to take.

Draft Resolution	Strengths and Weaknesses	Action
